Campus Safety and Security Policy and Fire Safety Report
Updated January 1, 2023

This document has been provided to inform all students and employees about the school's safety and security procedures and policies. A copy of the policy is located on the school's website at studiobeautyschool.com or a hard copy can be obtained from the School Director, Vicky Marburger.

The annual disclosure document is done each year by contacting the local police department and/or the building management to compile the statistics used in the report. All crimes are reported based on the calendar year in which the crime was reported to local police agencies or to the School Director/Campus Security Coordinator. The safety of our students and employees is an important concern of the school's administration. This document explains this school's policy regarding crime and accident prevention, public safety, criminal and accident reporting procedures, and fire safety.

Read this document carefully, and ask questions if you are confused or uncertain.

During the first week of a new class, at orientation for new students and employees, as well as by October 1st of each year, each student and employee is informed of the school's campus security report, procedures, and safety practices. We also review with students and employees the need to be responsible for their own security and safety at all times. The orientation includes training on emergency procedures, preventing crime, how to protect oneself and others from sexual assault, the Violence Against Women Act, and Title IX.

Studio Beauty School, herein referred to as "school" or "institution," uses the following policy and procedures:

DEFINITION OF CAMPUS:

For the purposes of reporting campus crimes, the definition of the school's campus includes:

The physical school building, the parking lot where students and staff park, and the sidewalk around the school.

CRIME & ACCIDENT PREVENTION

The school does not assume liability for stolen property. Therefore, students and employees should always keep their personal belongings locked in the student lockers, which have been

provided. The school encourages students and staff not to bring expensive jewelry, money, or other valuables to the school. Such items should be left at home in order to reduce the chance of theft.

The school reserves the right to prosecute any student or employee to the full extent of state and United States federal law for any criminal violation committed on the school premises. The school will take into consideration the specifics of any student who may be accused of a crime on a case-by-case basis, which may include suspension or termination from school. Criminal violations may include, but may not be limited to the following:

- Murder
- Rape
- Forcible sex offenses
- Non-forcible sex offenses
- Robbery/theft
- Simple or aggravated assault
- Unlawful consumption or possession of alcohol or other controlled or illegal substance
- Hate crime including larceny-theft, simple assault, intimidation, or vandalism
- Burglary — There must be evidence of both trespass and intent to commit a felony or theft.
- Larceny — Larceny is the illegal taking and carrying away of personal property belonging to another with the purpose of depriving the owner of its possession.

Further preventative measures include:

1. Students and/or employees shall not be permitted to consume illegal or controlled substances, including alcoholic beverages, during school hours or at school functions.
2. Students and/or employees shall not be permitted to have any illegal or otherwise dangerous weapons in their possession or on school property. Such a violation will result in the confiscation of the weapon, possible prosecution, and possible termination from enrollment or employment.
3. Students and/or employees must keep their property securely locked in the designated areas in order to prevent theft.
4. Students and/or employees must park in the designated areas and should always keep their cars securely locked.
5. Students and/or employees must never remain alone within the facility after closing without administrative approval. If approval has been given, the outside door must remain locked at ALL times, and the student/employee must not allow any unauthorized individual entrance.
6. All employees should make certain that the offices remain securely locked at all times. When leaving the office, employees must always check the door to ensure it is secure.
7. Employees should never lock the facility alone. Two people must always be present during locking procedures. The individuals should check to ensure that both have entered their vehicles safely upon leaving the school premises.

8. Students and/or employees shall report hazardous conditions (i.e., faulty or broken equipment, water leaks, chemical spills, exposed electrical wires, etc.) to the School Director for immediate attention.
9. The School Director shall handle all such hazards with appropriate caution and expedience. Proper procedures may require the School Director to notify the appropriate agencies (i.e., the poison control center, the fire department, the power company, etc.)
10. Students and/or employees shall not attempt to repair damaged electrical equipment or exposed wires. Instead, such problems should be reported to the administration.
11. Damaged or dangerous structural conditions shall be reported to the School Director immediately.
12. Students and/or employees should handle all equipment within the manufacturer's specifications. The school will not be responsible for accidents caused by the inappropriate or negligent use of any of its equipment.
13. Students and/or employees shall not be permitted to use unauthorized equipment. The school will not accept liability for accidents involving unapproved equipment.
14. Students and/or employees with unusual or serious health conditions are encouraged to report such conditions upon admission or employment. Arrangements must be made with his or her physician for appropriate preventative measures. All such conditions will be kept confidential among school management.

Only authorized individuals are permitted on the school premises, which includes students, staff, and service guests. Individuals who are not a part of the school or receiving a guest service will be considered trespassing and will be prosecuted. All students and staff have name badges that clearly identify who they are and their role. Service guests are permitted in the building; however, they must at all times be escorted by either a student or staff member and are limited to the clinic classroom and restroom facilities.

Maintenance personnel have access during normal school hours and in the evening to clean the school or conduct maintenance of the facility. All non-staff service providers must check in at the service desk and have a badge clearly indicating their purpose on school premises.

Studio Beauty School maintains its campus facilities in a manner that minimizes hazardous and unsafe conditions. Parking lots and pathways are illuminated. Trees and shrubberies are trimmed away from the walkway and buildings. The school works closely with the facilities management to address burned out lights promptly as well as malfunctioning door locks or other physical conditions that are designed to enhance security.

CRIMINAL & ACCIDENT REPORTING PROCEDURES:

The school does not have individual campus security. All crimes are reported to the local police department for investigation and action. We encourage all students and employees to timely report all crimes to Vicky Marburger, the School Director, who will promptly contact the local

authorities to address the issue. Victims and witnesses are encouraged to report crimes, but it is solely on a voluntary basis. If you need to seek professional help after having been a victim of a crime, contact the following counseling center:

..

In the event of a general emergency within the school's premises, please notify the school's administration immediately and remain calm. The school personnel are trained in emergency response and evacuation procedures. The School Director will determine whether a significant emergency exists by evaluating the situation and consulting with local police authorities. If the School Director is not available, contact the Education Leader. If the Education Leader is not available, contact the Director's Assistant. If the Director's Assistant is not available, contact the Student Administrator or the Administrator of Compliance.

If a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on campus exists in which students and staff are in danger, an immediate announcement will be made by the School Director who will notify the student body and staff of the emergency and the steps to follow. The safety of our students and staff is of the utmost importance to us; if in the judgment of the police, it is better to postpone making the announcement in order to assist a victim, or to contain, respond to, or otherwise mitigate the emergency, we will do so until it is determined to be safe. Police authorities will be contacted for assistance. Do not exit the building unless you have been directly instructed to do so. It may be safer to stay in the school premises in a lockdown mode. Please listen to all announcements from the School Director and follow the directions given from the Director; remain calm. The staff will direct you where to go in the event of an emergency.

in order to ensure your safety.

The school will review its evacuation plans and procedures during the orientation on the first day of class or hire, as well as yearly with the student body and staff. The school will also conduct announced emergency response and evacuation tests annually in order for the staff and students to clearly understand the procedures.

Students and staff are expected to be present on those days. Each test will be documented in the school's records as to the date, time, and whether it was an announced or unannounced test.

The test will be conducted by the School Director with the assistance of the school's staff in a minimum of once per calendar year. The tests will be documented in the school's permanent record and will include an indication of whether the test was announced or unannounced, the date, the time, and the duration of the test.

Tests are usually planned during the summer/fall when weather is favorable. The most recent tests were performed on the following days:

A test, unannounced – in place- evacuation, was conducted in July, 2023.

A test, announced -on site evacuation, was conducted on July, 2023.

The outcome of each test was satisfactory.

EMERGENCY PROCEDURES

In an emergency, evacuation of the school should proceed as rapidly and safely as possible. The plan accounts for two scenarios of evacuation, which are:

1. In-place evacuation: keeping students and staff members in place, but securing the location for the emergency at hand.
2. On-site evacuation: movement of students and staff members out of the building affected and relocation to another area near the school.

FIRE

Evacuate the area of the fire. (Always stay low as smoke and heated gasses collect near the ceiling first.)

Activate the fire alarm (if so equipped).

Call 911, indicating the need for assistance from the fire department and law enforcement.

Other communication networks should be identified and utilized in the event that the fire has caused the telephone system to become out of order.

Evaluate the situation; determine quickly, if possible, the size, nature, and location of the fire within the facility.

Upon the arrival of the fire department, the School Director shall establish contact with the senior fire department official and coordinate subsequent activities with him or her.

Make certain that all students and staff members are accounted for and safe. Move to another location as required. A fire deemed in any way to be a threat to the safety of the students or the staff calls for evacuation to the outside area, away from the building.

Any of the steps above may be done simultaneously as the number of staff members on duty permits. The decision not to follow any of these steps is justifiable only when there is certainty that there is no imminent danger.

If the fire is small, any of the facility's fire extinguishers may be used to extinguish it, if the staff member has received proper training. Although there should be no hesitation regarding the use of fire extinguishers, the fighting of any fire by staff members should be undertaken only if there is no imminent danger.

ILLNESS OR INJURY

A. MINOR

1. Treat with medical supplies on hand.
2. Evaluate periodically to see if further medical attention is required.

B. MAJOR

1. Employ first aid techniques as trained, if needed.
2. Contact 911 if immediate medical attention is required.
3. If an illness or an injury requires a doctor's care, but emergency services are not required, the staff members should then arrange for transportation to the emergency room, clinic, or hospital.

BOMB THREATS

1. Any bomb threat should be treated as real until proven otherwise.
2. Unidentified or suspicious objects should be reported to the authorities.
3. Evacuation should be to an outdoor area as far from the building as safely possible. The area to be evacuated should be searched quickly before evacuation.
4. Upon arrival of law enforcement authorities, the facility director, or designee, will assist with the search (i.e., unlocking doors, identifying strange or suspicious objects, etc.)
5. The appropriate authorities should be consulted prior to reentry into the building.

UTILITIES AND MAINTENANCE EMERGENCIES

A. GAS LEAK

1. If any staff member or student smells gas, act quickly.
2. Open windows immediately.
3. Call 911 and report the possible gas leak.
4. Do not turn any electrical switches on OR off. Eliminate all flames.
5. Check all gas taps and turn them off.
6. If necessary, turn off the gas main. The shutoff valve is next to the meter.
7. If the gas odor remains strong, evacuate the area immediately.
8. Do not return to the building until the fire department announces it is safe.

EMERGENCY EVACUATION

In the event of a fire, bomb threat, electrical, chemical, or other emergency that would require the evacuation of the building, all staff members should adhere to the following:

1. Call 911, indicating the need for assistance from the local fire department and law enforcement.
2. Make certain all students and staff members are accounted for and are safe.
3. Evacuate all students and staff members to an area as far from the building as safely practical.
 - a. Adhere to predetermined evacuation routes, if possible; however, do not hesitate to adjust these routes to avoid dangerous areas.
 - b. All students and staff members with special needs are to be assisted as needed.

4. Conduct a second head count for students and staff members.
5. Notify the School Director as soon as possible.
6. Do not approach or reenter the building until consultation with the proper authorities.

TORNADO/SEVERE WEATHER WATCHES AND WARNING PROCEDURES

1. The safe place designated by the School Director is the public restrooms near the service desk.
 - a. All students and staff will be moved to the designated location.
 - b. Maintain flashlight and voice contact among staff members at all times.

Make sure to conduct a head count before moving to a safe place, after arriving at a safe place, and after leaving the designated area.

2. After there is absolute certainty that the storm has passed:
 - a. The staff members should conduct a head count.
 - b. Provide any necessary first aid and call 911 for any necessary response agencies.
 - c. Check the entire building for any damages such as fire, water, or structural.
 - d. Turn on and test utilities.
3. Notify the School Director as soon as possible with an update of conditions.
4. Notify any agents that services are needed.

The school encourages pastoral counselors and professional counselors, in instances where the student may need assistance in dealing with a particular situation, when appropriate. To avail yourself of this service, please contact Vicky Marburger, the School Director, for assistance in obtaining help. We encourage students who may have been the victim of a crime to seek help. The counseling sessions are voluntary and confidential for the basis of inclusion in the annual disclosure of crime statistics.

STUDENT RIGHT TO KNOW POLICY:

All criminal activity and accidents that occur on the school premises must be reported to the School Director who must keep a confidential file on the circumstances surrounding each incident. The School Director must make the information available to the employees and students, although he or she will keep personal information, such as names, confidential. The school may withhold information if there is clear and convincing evidence that the release of the information would jeopardize an ongoing criminal investigation or the safety of an individual; cause a suspect to flee or evade detection; or result in the destruction of evidence. The school will only withhold that information that would cause the adverse effect described. The school will disclose any information withheld once the adverse effect described is no longer likely to occur. The School Director shall use the following procedures for informing students and employees of criminal activity and accidents:

1. Each week during weekly announcements, a general account of any criminal activity that may have occurred will be given.
2. Each week, a general account of any criminal incident and/or accident will be posted in the lounge for student access. Confidential information will not be available.
3. A confidential file will be kept that describes each accident and criminal incident in detail. The file must include dates, times, names, extenuating circumstances, agencies notified, etc.
4. During the announcements, emphasis will be placed on accident and crime prevention.
5. Statistics regarding the incidence of rape, burglary, drug violations, motor vehicle theft, murder, and simple or aggravated assaults that occurred within the institution will be available to any and all students and/or employees upon request.
6. Statistics concerning the number of arrests for on-campus crimes of murder, forcible and non-forcible sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, liquor law violations, drug law violations, illegal weapon possessions, arson, negligent manslaughter, and non-negligent manslaughter during the calendar years of 2020, 2021, and 2022. are listed.
7. The school will identify where on campus the crime occurred, such as in the school building, in front of the school, or in the parking lot.

When listing crimes committed on the school campus, we will use the FBI's UCR program and the Hierarchy Rule when more than one offense was committed during a single incident. If arson is committed, the school will always record the arson in its statistics, regardless of whether or not it occurs in the same incident as another crime. If rape, fondling, incest, or statutory rape occurs in the same incident as murder, the school will record both the sex offense and the murder in its statistics. The school will also compile the crime statistics for murder, and non-negligent manslaughter, negligent manslaughter, rape, robbery, aggravated assault, burglary, motor vehicle theft, arson, liquor law violations, drug law violations, and Illegal weapons possession using the definitions of those crimes from the Summary Reporting System User Manual from the FBI's UCR Program.

*The school will separately report any hate crimes by category of prejudice and by type of crime, if any are reported during the reporting period.

**The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Attempted larcenies are included.

***To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

****To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

An incident must meet three conditions to be classified as a burglary. First, there must be evidence of unlawful entry (trespass). Both forcible entry and unlawful entry — no force are

counted. Second, the unlawful entry must occur within a structure, which is defined as having four walls, a roof, and a door. Finally, the unlawful entry into a structure must show evidence that the entry was made in order to commit a felony or theft. If the intent was not to commit a felony or theft, or if the intent cannot be determined, the proper classification is larceny.

The following number of students was referred to campus disciplinary action for the following violations:

The following Drug-Free Workplace Policy is to notify all employees and students that pursuant to the Federal Drug-Free Workplace Act of 1988 (Public Law 101-690) and [California Drug-Free Workplace Act of 1990],

Studio Beauty School prohibits being under the influence, the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the workplace, on school property, or as part of any school activity. Studio Beauty School similarly prohibits being under the influence, the unlawful use, possession, and distribution of alcohol in the workplace, on school property, or as part of any school activity, as well as any other unlawful conduct involving alcohol.

The drug-free workplace consists of all locations where Studio Beauty School does business. This includes, but is not limited to, all lecture classrooms, parking lots, all administrative offices, corridors, storage rooms, and any space added to the school or school property.

Health Risks:

The abuse of narcotics, depressants, stimulants, hallucinogens, or alcohol can cause serious detriment to a person's health. The health risks associated with the misuse of the previously mentioned drugs vary, but may include, and are not limited to: convulsions, coma, paralysis, irreversible brain damage, tremors, fatigue, paranoia, insomnia, and possible death. Drug and alcohol abuse is extremely harmful to a person's health and interferes with productivity and alertness. Working while under the influence of drugs or alcohol could be a danger to the individual under the influence, coworkers, and students. Described below are additional dangers and symptoms relative to use and/or abuse.

Marijuana

Commonly known as "pot," marijuana is a plant with the botanical name of *cannabis sativa*. Pot is almost always smoked but can be ingested. Use causes the central nervous system to become disorganized and confused. Most users experience an increase in heart rate, reddening of eyes, and dryness of the throat and mouth.

Studies have proven that marijuana's mental effects include temporary impairment of short-term memory and an altered sense of time. It also reduces the ability to perform tasks requiring

concentration, swift reactions, and coordination. Feelings of euphoria, relaxation, and bouts of exaggerated laughter are also commonly reported.

Smoking “pot” may cause: brain chemical changes, an altered reality, physically damaged lungs, emphysema, chronic bronchitis, lung cancer, a weakened immune system, damage to sperm in males, irregular menstrual cycles in females, and reduced fertility and sex drive.

Regardless whether or not the state allows the use of marijuana or medical marijuana, at the federal level, marijuana remains classified as a Schedule I substance under the Controlled Substances Act, in which Schedule I substances are considered to have a high potential for dependency and no accepted medical use, making distribution or use of marijuana a federal offense. Therefore, regardless of the circumstance, marijuana cannot be brought to or used on the school’s campus.

Cocaine/Crack

Cocaine is a stimulant drug, which is derived from the coca plant. Street cocaine is available in the form of a powder or a “rock” of crack and is most commonly inhaled or smoked. Cocaine increases the heart rate and blood pressure and is highly addictive.

Crack is a form of smokable cocaine named for the popping sound it makes when burned. It is a mixture of cocaine, baking soda, and water. It is 5–10 times more potent than cocaine and is extremely harmful. It has been reported that addiction can occur with as few as two “hits.” Some symptoms of cocaine/crack abuse are: personality changes; unexplained weight loss; excess sniffing and coughing; insomnia; depression; irritability; neglect of responsibility toward work, school, family, and friends; and panic attacks.

Alcohol

In small amounts, alcohol has a tranquilizing effect on most people, although it appears to stimulate others. Alcohol first acts on those parts of the brain that affect self-control and other learned behaviors; lowered self-control can lead to aggressive behavior. Alcohol use can also cause dehydration, coordination problems, and blurred vision.

In large amounts, alcohol can dull sensation and impair muscular coordination, memory, and judgment. Taken in larger amounts over a long period of time, alcohol can damage the liver, heart, and brain, and cause numerous other health and medical issues.

When anyone under age 21 drinks alcohol, it is considered underage drinking. Underage drinking is against the law, except in special cases, such as when it is part of a religious ceremony. Underage drinking is also dangerous. It can harm the mind and body of a growing adolescent in ways many people don’t realize. If caught by the police, you may be arrested, lose

your driver's license, or be required to attend an alcohol awareness program. If a student is caught drinking on the school's campus or at a school-sponsored event, the student will be terminated from school.

Hallucinogens

Hallucinogens are also known as psychedelics. The effects vary; a user's reactions can vary by occasion. Most users are affected by changes in time and space perception, delusions, and hallucinations. The effects may be mild or overwhelming, depending on the dose and quantity or the drug.

Physical reactions range from minor changes, such as dilated pupils or an increase in temperature and heartbeat, to major changes, such as tumors. High doses can significantly alter the state of consciousness. After taking a hallucinogenic drug, the user loses control of thought processes. Although many perceptions are benign, others may cause panic or may make the user believe he or she cannot be harmed. Such delusions can be dangerous.

Heroin

Heroin is a narcotic, which relieves pain and induces sleep. Commonly known as "junk" or "smack," heroin is a highly addictive depressant and has been attributed as the cause of many deaths. Symptoms include "pinpoint pupils"; drowsiness, lethargy, and slurred speech; and an inability to concentrate. Related medications used to treat pain include oxycontin and oxycodone, methadone, and codeine. The abuse of painkillers ranks second only to the abuse of marijuana in the United States.

Crystal Methamphetamine

Crystal methamphetamine is a colorless, odorless, powerful, and highly addictive synthetic (man-made) stimulant. Crystal methamphetamine typically resembles small fragments of glass or shiny blue-white "rocks" of various sizes. Like powdered methamphetamine, crystal methamphetamine produces long-lasting euphoric effects. Crystal methamphetamine, however, typically has a higher purity level and may produce even longer-lasting and more intense physiological effects than the powdered form of the drug.

Crystal methamphetamine use is associated with numerous serious physical problems. The drug can cause rapid heart rate, increased blood pressure, and damage to the small blood vessels in the brain, which can lead to stroke. Chronic use of the drug can result in inflammation of the heart lining. Overdoses can cause hyperthermia (elevated body temperature), convulsions, and death.

Crystal methamphetamine users may experience episodes of violent behavior, paranoia, anxiety, confusion, and insomnia. The drug can produce psychotic symptoms that persist for months or years after an individual has stopped using the drug.

Crystal methamphetamine users who inject the drug expose themselves to additional risks, including contracting HIV (human immunodeficiency virus). Methamphetamine users also risk scarred or collapsed veins, infections of the heart lining and valves, abscesses, pneumonia, tuberculosis, and liver or kidney disease.

Depressants

Depressants are highly addictive; they are usually known as “downers.” A user may be drowsy and lethargic, suffer from memory loss, and have slurred speech. Many lawful drugs that have characteristics of depressants are from the family of drugs called barbiturates. More serious effects of the abuse of downers are liver damage, paradoxical anxiety and excited rage, coma, and death.

Ecstasy (MDMA)

Also known as XTC, X, and E, Ecstasy is a mind-altering drug with hallucinogenic and speed-like side effects. Often used at raves, it is taken to promote loss of inhibition, excitability, euphoria, energy, and sexual stimulation. Ecstasy increases the amounts of serotonin in the user’s brain, which causes increased energy and euphoria; it also contains anti-coagulative properties, which can cause the user to bleed to death if injured. Ecstasy can also cause serious brain damage in a short time. Side effects of ecstasy include: depression, increased heart rate and blood pressure, muscle tension, nausea, blurred vision, faintness, chills, brain damage, organ damage, and death. Similar “designer drugs” include MDEA and MDA (also known as “Adam” and “Eve”). There were 0 crimes of murder, forcible rape, non-forcible rape, or aggravated assault that show evidence of prejudice based on race, gender, religion, sexual orientation, disability, or ethnicity as prescribed by the Hate Crime Statistics Act (28 U.S.C. 534) on the school’s campus or on public property immediately surrounding the school’s campus.

Ritalin

Methylphenidate (Ritalin) is a medication prescribed for individuals (usually children) who have an abnormally high level of activity or attention-deficit hyperactivity disorder (ADHD). It contains amphetamines and can be abused as a stimulant by those for whom it is not prescribed. When abused, the tablets are either taken orally or crushed and snorted. Some abusers dissolve the tablets in water and inject the mixture — complications can arise from injection as insoluble fillers in the tablets can block small blood vessels.

GHB

Gamma-hydroxybutyrate is an intoxicating chemical with medical, recreational, and potentially dangerous uses. Its use is illegal for any purpose in the United States. Nicknamed the “date rape drug,” it is a clear liquid often mixed in drinks to promote relaxation or increased sociability. When taken, side effects can include: drowsiness, dizziness, vomiting, amnesia, decreased motor skills, slurring of speech, unrouseable sleep (coma), and death. GHB was used as a dietary supplement until banned by the FDA. GHB is now illegal in the United States. Common slang names for GHB are: G, Liquid X, GBH, Gamma-oh, Blue Verve, Grievous Bodily Harm, Goop, and EZLay.

Drug Conviction Notification and Imposed Sanctions:

- Within 30 days after receiving notice of an employee or student conviction, will impose corrective measures on the employee or student convicted of drug abuse violations in the workplace by: Taking appropriate action against the employee or student up to and including expulsion or termination of employment and referral for prosecution and/or

3 Requiring such employee or student to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency.

Laws Relating to Drug Violations:

Attached is a list of violation codes associated with the unlawful manufacture, distribution, dispensing, possession, or use of any controlled substance. Any employee or student violating any of the described laws of the Health and Safety Code or the Business and Professional Code could be subject to fines and imprisonment.

Contact the School Director to request a copy of the biennial review.

The school monitors and records any criminal activity that takes place at a school event off campus by contacting local police agencies to ensure that all off-campus activities are conducted in safe and secure facilities. Each of these events is supervised by teachers and staff of the school.

Sex Offenders Registry

In accordance with the Violent Crime Control and Law Enforcement Act of 1994 (42 U.S.C. § 14071(j)), and the Adam Walsh Child Protection and Safety Act of 2006, we are notifying you that you can obtain information concerning registered sex offenders by visiting www.familywatchdog.us for a list of registered offenders near the school premises.

VIOLENCE AGAINST WOMEN ACT

This document has been designed to inform all students and employees of the Violence Against Women Act and outlines Studio Beauty School's commitment to the health and safety of its students and employees. The school strictly prohibits any student or staff member from engaging in any crime outlined under the Violence Against Women Act, including the crimes of dating violence, domestic violence, sexual assault, and stalking, and is committed to taking the necessary steps to investigate any allegations of wrongdoing. This annual disclosure document is done each year by contacting the local police department and/or the building management to compile the statistics used in the report. Victims or witnesses to a crime on the school premises may report the crime to the School Director/Campus Security Coordinator on a confidential basis for inclusion into the in the annual disclosure of crime statistics. This document explains the institution's policy regarding crime prevention, public safety, and criminal reporting procedures. This document will be provided to all prospective students and staff, as well as be reviewed with all students during orientation and with staff at the time of hire.

The school will provide training in October of each year when the new statistics are available. The training promotes awareness and prevention of rape, acquaintance rape, domestic violence, dating violence, sexual assault, stalking, and the prevention of crime, as well as gives options for reducing the risk of such offenses occurring, the warning signs of abusive behavior, and how to avoid potential attacks. Please read this document carefully, and ask questions if you are confused or uncertain. The school's Campus Security Coordinator is Vicky Number, the School Director.

To conduct the awareness program, we bring in a local law enforcement official and a representative from

Spokane County Sheriff Department, the local crisis center, into the school to provide our students and staff with knowledge, information, and resources to prevent violence, promote safety, and reduce risk by showing how to protect yourself against crime, how to be responsible for your own safety, and how to protect yourself against sexual assault. Studio Beauty School is committed to making your school a safe place.

Some examples of safe and positive options for bystander intervention include:

- Checking in with a friend who looks very intoxicated when leaving a party or event, either alone or with someone else.
- Talking with friends, classmates, teammates, and peers about intimate violence as a serious issue in the community.
- Speaking up to a friend or someone else who says they had sex with someone who was very intoxicated or couldn't consent.
- Expressing discomfort when someone makes a joke about or minimizes sexual or domestic violence or stalking.
- Helping a friend get home safely if they seem very intoxicated.
- Interrupting a conversation when it looks like one person might be making another person feel uncomfortable or unsafe.
- Talking to a friend suspected of being in a relationship that is abusive or harmful to connect them to supportive resources.
- Calling for campus safety and security personnel or law enforcement to intervene in a situation that might be dangerous or unsafe. Risk reduction refers to options designed to decrease perpetration and bystander inaction and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

If a student or staff member is a victim of domestic violence, inform the victim that he or she has the option to notify the appropriate law enforcement authorities, including the local police and for medical assistance. If the victim wants the School Director/Campus Security Coordinator to notify the authorities, he or she will call (911) for medical assistance and to alert the police. It is important to preserve evidence for the proof of a criminal offense, so do not disturb the area surrounding the incident.

Hearing Process

If a student is alleged to having committed domestic violence, that student will have the right to a prompt, fair, and impartial investigation and hearing before the School Director/Campus Security Coordinator and two additional employees of the school's administration, who have received annual training on issues related to domestic violence and how to conduct an investigation and hearing process that protects both the safety of the victim and promotes accountability and do not have a conflict of interest or bias for or against the accuser or the accused. The accused and the victim will each be allowed to have others present, including an advisor of their choice to accompany them throughout the hearing. The standard of evidence in this case requires clear and convincing evidence that the incident more than likely occurred.

The school's policy is to investigate the allegations and conduct a hearing within thirty days of receiving the complaint. If necessary, the school's investigative team may need additional time in order to properly conduct a review of the alleged incident and to come to a fair conclusion; however, the school will make every effort to expedite the review process. If an extension of time is needed to conduct the investigation and hearing for good cause, the school will send a written notification to the accuser and the accused of the delay and the reason for the delay.

The proceedings will be conducted in a manner that is consistent with the school's policies and transparent to the accuser and accused, which includes timely notice of meetings at which the accuser or accused, or both, may be present; provides timely and equal access to the accuser, the accused, and appropriate officials to any information that will be used during informal and formal disciplinary meetings and hearings; and that will be conducted by school officials who do not have a conflict of interest or bias for or against the accuser or the accused. Proceeding means all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim. The accuser and the accused are entitled to the same opportunities to have an advisor of their choice present during the disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding. The school may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties. The appropriate school officials will meet upon the conclusion of the hearing to discuss the facts of the complaint and to render a decision. Both the accuser and the accused will simultaneously be informed in writing of the outcome and any institutional disciplinary proceeding, the opportunity for appeal and the notification of the outcome of any appeal before the results become final, and when the results of the proceedings become final. The

results include any initial, interim, or final decision by the school regarding any sanctions imposed, as well as the rationale for the results and any sanctions.

In accordance with the Violence Against Women Act, the school is required to publish the results of the hearing(s); however, the names of the individuals involved will be withheld. Result means any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provisions Act (20 U.S.C. 1232g), commonly referred to as the Family Educational Rights and Privacy Act (FERPA), the result must also include the rationale for the result and the sanctions.

A student found guilty of violating the school's domestic violence policy could be criminally prosecuted in the state courts and may be reprimanded, sent to counseling, placed on probation, suspended, or expelled from the school for the first offense. Any information obtained during the school's investigation process will be shared with any parallel law enforcement investigation upon receipt of a court subpoena of the school's records.

The school will protect the confidentiality of the victim(s) in accordance with the law. In some cases, the school may need to disclose some information about a victim to a third party to provide necessary accommodations or protective measures. The school will only disclose information that is necessary to provide the accommodations or protective measures and will carefully consider who may have access to this information to minimize the risk to a victim's confidentiality. The school will inform the victim before sharing personally identifiable information about him or her and only if it is necessary to provide an accommodation or protective measure. Compliance with these provisions of the Violence Against Women Act does not constitute a violation of Section 444 of the General Education Provision Act (20U.S.C. 1232g), commonly referred to as the Family Education Rights to Privacy Act of 1974 (FERPA).

Any student or employee who reports to the school that he or she has been a victim of domestic violence, whether the offense occurred on or off campus, shall be provided with a written explanation of the student's or employee's rights and options. No officer, employee, or agent of the school shall retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising his or her rights or responsibilities under any provision of the Violence Against Women Act.

Hearing Process

If a student is alleged to having committed stalking, that student will have the right to a prompt, fair, and impartial investigation and hearing before the School Director/Campus Security Coordinator and two additional employees of the school's administration, who have received annual training on issues related to stalking and how to conduct an investigation and hearing process that protects both the safety of the victim and promotes accountability and do not have a conflict of interest or bias for or against the accuser or the accused. The accused and the victim will each be allowed to have others present, including an advisor of their choice to accompany them throughout the hearing. The standard of evidence in this case requires clear and convincing evidence that the incident more than likely occurred.

The school's policy is to investigate the allegations and conduct a hearing within thirty days of receiving the complaint. If necessary, the school's investigative team may need additional time in order to properly conduct a review of the alleged incident and to come to a fair conclusion; however, the school will make every effort to expedite the review process. If an extension of time is needed to conduct the investigation and hearing for good cause, the school will send a written notification to the accuser and the accused of the delay and the reason for the delay.

The proceedings will be conducted in a manner that is consistent with the school's policies and is transparent to the accuser and accused, which includes timely notice of meetings at which the accuser or accused, or both, may be present; provides timely and equal access to the accuser, the accused, and appropriate officials to any information that will be used during informal and formal disciplinary meetings and hearings; and that will be conducted by school officials who do not have a conflict of interest or bias for or against the accuser or the accused. Proceeding means all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings.

Proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim. The accuser and the accused are entitled to the same opportunities to have an advisor of their choice present during the disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding. The school may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties. The appropriate school officials will meet upon the conclusion of the hearing to discuss the facts of the complaint and to render a decision. Both the accuser and the accused will simultaneously be informed in writing of the outcome and any institutional disciplinary proceeding, the opportunity for appeal and the notification of the outcome of any appeal before the results become final, and when the results of the proceedings become final. The results include any initial, interim, or final decision by the school regarding any sanctions imposed, as well as the rationale for the results and any sanctions. In accordance with the Violence Against Women Act, the school is required to publish the results of the hearing(s); however, the names of the individuals involved will be withheld. Result means any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provisions Act (20 U.S.C. 1232g), commonly referred to as the Family Educational Rights and Privacy Act (FERPA), the result must also include the rationale for the result and the sanctions.

A student found guilty of violating the school's stalking policy could be criminally prosecuted in the state courts and may be reprimanded, sent to counseling, placed on probation, suspended, or expelled from the school for the first offense. Any information obtained during the school's investigation process will be shared with any parallel law enforcement investigation upon receipt of a court subpoena of the school's records.

The school will protect the confidentiality of the victim(s) in accordance with the law. In some cases, the school may need to disclose some information about a victim to a third party to provide necessary accommodations or protective measures. The school will only disclose information that is necessary to provide the accommodations or protective measures requested and will carefully consider who may have access to this information to minimize the risk to a victim's confidentiality. The school will inform the victim before sharing personally identifiable information about him or her and only if it is necessary to provide an accommodation or protective measure. Compliance with these provisions of the Violence Against Women Act does not constitute a violation of Section 444 of the General Education Provision Act (20U.S.C. 1232g), commonly referred to as the Family Education Rights to Privacy Act of 1974 (FERPA).

Any student or employee who reports to the school that he or she has been a victim of stalking, whether the offense occurred on or off campus, shall be provided with a written explanation of the student's or employee's rights and options. No officer, employee, or agent of the school shall retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising his or her rights or responsibilities under any provision of the Violence Against Women Act.

What is rape?

Federal Definition:

Rape is defined as penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Local Jurisdiction Definition:

Rape is the act of engaging in sexual intercourse with another person by forcible compulsion without the consent of the victim.

Procedures for Victims of Rape

If a student or staff member is a victim of rape, inform the victim that he or she has the option to notify the appropriate law enforcement authorities, including the local police and for medical assistance. If the victim wants the School Director/Campus Security Coordinator to notify the authorities, he or she will call (911) for medical assistance and to alert the police. The School Director/Campus Security Coordinator and a representative from the police department will guide the victim through the available options and support the victim in his or her decision, including where applicable, restraining orders, orders for protection, no-contact orders, or similar lawful orders issued by a criminal or civil court. The school and police strongly advocate that a victim of rape report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. Filing a police report will ensure that a victim receives the necessary medical treatment and tests, at no expense to the victim; and it provides the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later. It is important to preserve evidence for the proof of a criminal offense, so do not disturb the area surrounding the incident.

A student or staff member can file a complaint with the School Director/Campus Security Coordinator. The complaint should outline all details of the event and include a list of any witnesses or documentation to help support the allegations of rape. The complaint should be filed as soon as possible after the occurrence of rape has taken place.

If a student or employee is a victim of rape, he or she may request a change in his or her academic or work schedule, such as moving from night to day classes, or from a full-time to a part-time schedule; the school may also change the alleged perpetrator's schedule to prevent interaction with the victim until the complaint has been investigated thoroughly. The school will also help with transportation or housing issues to accommodate the alleged victim, or any other protective measures (such as how to file for a protective order) that may be deemed necessary. The school will make available to the student a leave of absence or opportunity to drop and reenroll at a later date without incurring any additional charges or penalties. The school's Financial Aid Leader will meet with the victim to discuss his or her options regarding loan repayment or financial aid options. These, as well as other options will be provided to the alleged victim in writing, regardless of whether or not the victim chooses to report the crime to the police or file a complaint with the school; please notify the School Director/Campus Security Coordinator in person at

Campus Security

The school does not have individual campus security. All crimes are reported to the local police department for investigation and action on school premises or vicinity. We encourage all students and employees to timely report all crimes to the School Director/Campus Security Coordinator, who will promptly contact the local authorities to address the issue. Victims and witnesses are encouraged to report crimes, but it is solely on a voluntary basis. If you are a witness to the crime, contact 911 for immediate assistance, and, if you feel it is safe to intervene on behalf of the victim, do so in the presence of others, if possible, or call out to the perpetrator that you have contacted the police and indicate that they are on their way; do not put yourself in danger as well.

If you are a victim of a sexual assault, domestic violence, dating violence, or stalking at this institution or off the school premises, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. In the event of a rape or sexual violence on campus:

- a. Remain calm.
- b. Calm the victim; notify the School Director/Campus Security Coordinator.
- c. Inform the victim that he or she has the option to notify the appropriate law enforcement authorities, including the local police and for medical assistance. If the victim wants the School Director/Campus Security Coordinator to notify the authorities, he or she will call (911) for medical assistance and to alert the police. The School Director/Campus Security Coordinator and a representative from the police department will guide the victim through the available options and support the victim in his or her decision, including where applicable, restraining orders, orders for protection, no-contact orders, or similar lawful orders issued by a criminal or civil court. If a victim chooses not to file a police report at the time of the incident, we recommend that the victim use a forensic nurse, who would conduct a forensic examination to preserve evidence in case the victim seeks to file criminal charges or obtain a restraining order at a later date. If the victim chooses to use a forensic examination, it does not require him or her to subsequently file a police report. Please contact the School Director/Campus Security Coordinator for information on where to obtain the services of a forensic nurse.
- d. The school encourages victims of sex offenses to seek professional counseling. The school will ensure that the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault, domestic violence, dating violence, stalking, and crisis intervention, as well as health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims both in the school and the community. If you need to seek professional help or pastoral counselors after having been a victim of a rape, sexual assault, domestic violence, or dating violence, you can contact the School Director/Campus Security Coordinator or contact one of the following counseling centers:

Sexual Assault &
Family Trauma Response Center
210 W.Sprague
Ave. Spokane, WA 99201
509-747-8224

The school educates the student community about sexual assaults and date rape through mandatory orientation. The police department offers sexual assault education and informational programs to students and employees. Literature on date rape education, risk reduction, and the school's response are available through the School Director/Campus Security Coordinator.

Reporting Crime to the School Community

In accordance with the Clery Act, schools must provide timely warnings in response to crimes that pose a continuing threat to the school campus. These warnings must be provided in a manner that is timely and that will aid in the prevention of similar crimes. Under the regulations, schools must not disclose the names and personally identifying information of victims when issuing a timely warning. However, in some cases to provide an effective timely warning, a school may need to provide information from which an individual might deduce the identity of the victim. The school will take each incident on a case-by-case basis, and will take all necessary steps to protect the identity of the victim whenever possible.

Any records of the incident will be maintained by the School Director/Campus Security Coordinator. Only staff members who need to know will be apprised of the name(s) of the victim(s). The school is required to publish each year statistics for certain crimes that are reported to the school authorities or local police agencies, including incidents of sexual assault, domestic violence, dating violence, and stalking; however, the report only includes incidents and not the names or identifiable information about the victim(s).

All reported crimes must be reported. If the school has any crimes that were determined to be unfounded, the school must disclose that information. A school may not withhold, or subsequently remove, a reported crime from its crime statistics based on a decision by a court, coroner, jury, prosecutor, or other similar non-campus official. Only a sworn or commissioned law enforcement personnel may “unfound” a crime report for purposes of reporting under this section. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not “unfound” a crime report. The school will retain any documentation that would support the “unfound” report of a crime to review by the U.S. Department of Education. Crimes reported must indicate whether the crime was on campus, in a non-campus building or property, or on a public property. When recording reports of stalking that include activities in more than one calendar year, the school will record a crime statistic for each year in which the course of conduct is reported to the local police or to the School Director/Campus Security Coordinator. The school will record each report of stalking as occurring at only the first location within the institution’s Clery geography in which a perpetrator engaged in the stalking course of conduct or when the victim first became aware of the stalking. The statistics do not require the identification of the victim or the person accused of committing the crime.

All designated Campus Security Coordinators will go through the Campus Safety and Security Reporting Training Module in January each year to stay abreast of changes to the regulations. Other interested individuals can access information about the crime report at:

http://www2.ed.gov/campus-crime/HTML/cc_off/Contents.html

FIRE SAFETY REPORT

As a part of the U.S. Department of Education's reporting requirements, we are required to notify our student body of any fires that have occurred on our campus. Should you have any questions regarding our statistics or policies, please see Vicky Marburger, the School Director, for assistance.

A copy of our fire safety report is provided to the U.S. Department of Education yearly and to our students at the time of enrollment and by October 1 of each year.

The school does not have on-campus housing, so we do not have any fire statistics to report for student housing.

In event of a fire:

- a. All occupants should proceed to the nearest available exit in an orderly, calm manner.
- b. Leave all personal belongings behind.
- c. Assist the elderly, handicapped, and children to the nearest exit.
- d. Do not attempt to contain the fire. Evacuate immediately and leave containment to trained professionals.
- e. Once safely outside, stand in a group at a safe distance from the building. Instructors will take a count to ensure no one is still inside.
- f. The School Director should call fire officials or delegate it to (one) person. Also, he or she should notify the other building occupants, if applicable.
- g. When reporting the fire to the officials:
 - Indicate the name of the institution.
 - Indicate the location of the institution.
 - Indicate your name.
 - Indicate possible injuries (need for paramedics/ambulance).
 - Indicate the suspected cause (i.e., electrical, chemical, gas, etc.)
- h. Remain calm and help calm others.

The school is a non-smoking facility. Students at no time should have an open flame within the school premises.

The use of portable electrical appliances are limited to appliances used in the practice of cosmetology and cosmetology-related services and are to be used only after training has been provided by the instructional staff and under instructional supervision.

If a fire should occur, please pull the fire alarm and inform the nearest staff member who in turn will notify Vicky Marburger, the School Director. The School Director will call 911 to alert the local fire department. The school has an effective plan for the implementation of fire safety and evaluates it yearly. At this time, the school has no plans to make any changes to its policy or procedure.
